Trails and Permitted Uses

Trail Descriptions

Northern Delaware Greenway Trail

Trail Width	Surface Type	Trail Grade	Accessible
Avg 8 Feet Min 5 Feet	Paved	Avg 5% Max 20%	 - Yes

This 7.5 mile shared-use trail links Bellevue State Park with Brandywine Park and the City of Wilmington through a series of trails that travel some of the most beautiful landscapes in Delaware. In Brandywine Park, the trail is a wide, paved surface. Take in views of the Brandywine River, Jasper Crane Rose Garden, or use the trail to walk to the Brandywine Zoo.

East Coast Greenway

The East Coast Greenway is an urban trail system linking local trails to form a 3,000 mile continuous route from Maine to Florida. This multi-use trail spans 16 states and links 25 major cities. In Delaware, the East Coast Greenway crosses through northern New Castle County passing through Newark and the city of Wilmington. Near Wilmington, the trail follows the entire alignment of the Northern Delaware Greenway Trail.

Brandywine Zoo

Open since 1905, Delaware's only zoo is located a few steps from the Brandywine River. The 12-acre zoo features condors, golden lion tamarins, a red panda, and other animals native to the Americas and the temperate areas of Asia. Set in beautiful Brandywine Park, Brandywine Zoo offers a convenient escape that feels worlds away.
